

## Mother

One who gives us birth,  
And brings us to this beautiful earth  
One who moulds us  
So we are good persons, thus.

One who teaches us to talk  
And helps us to run and walk  
Who guides us on the path which is right,  
So that our future will be bright.

One who takes care of us,  
And is ready for anything to bear  
All our mischief and pranks  
But if we behave well,  
Her happiness seems to cast a spell!

## Nature

Nature is a gift from God.  
It has beautiful creatures living with it,  
It helps us in many ways,  
Like, to light fire etc .....  
In nature trees give us oxygen.  
The rustle of the leaves,  
The cool breeze and the wind.  
The wood of the trees is used to make chairs,  
Nature that god has given us,  
Is very beautiful,  
So we should not spoil nature.

## *Beautiful Life*

*How beautiful is this life?  
That keeps changing every moment;  
Welcomes all the wonders,  
That God bestows on us benevolent!*

*How beautiful is this life?  
Like a candle that brings light,  
Into a darkroom,  
Or on a child's birthday night!*

*How beautiful is this life?  
Like music to our ears,  
Like symphony of love  
Or an orchestra to one who hears.*

*How beautiful is this life?  
For you or for me!  
May it remain like this forever!  
Like a little girl's giggle,  
Whose cup of joy,  
Overflows with glee!!!*

## *Dream a Dream*

*Oh! To dream a dream of many,  
Things, I cannot see.*

*I feel them in my heart and wish for  
Them in my mind.*

*I dream of peace; not war  
I dream of love not hate.*

*I dream of freedom for souls in bondage,  
I dream of bright futures.*

*I know that ocean isn't what we see,  
But to dream a dream can make it be.*

*At least for a while,  
So fear, not the dream.*

*But let it take you  
As far as you can go,  
For the picture is bright  
And the world is calm.*

*There is love, peace, freedom  
Even if only in our dreams.*

## *Rainy Nights*

*I like the town on rainy nights,  
When everything is wet.  
Whole of the town has magic lights,  
And the street is like a shining jet.  
When the sheets of rain in the town,  
Are looking like a glass  
And all the lights are upside down,  
Below me, as I pass,  
In all pools are velvet skies.  
And down the dazzling street,  
A fairy city blooms and lies,  
In beauty beneath my feet.*

## *Science of the Modern World*

*Science of the modern world,  
Is not less than gold.  
Science has reduced our work,  
Easily we can transport,  
Anything from here to New York  
From a calculator  
To a machine used by the conductor  
Are all results of Science.  
Science has a very good taste  
If used properly  
And if used incorrectly  
It's just a big waste.  
Science of the modern world,  
Is not less than gold.*

## *The Internet*

*The internet is a source of overflowing information,  
It is available to everyone in every nation.  
Pages for children to read and enjoy,  
Along with the spam which can really annoy.*

*Poetry and forums for everyone's pleasure  
Just about anything, even selling your treasure.  
It's even used everyday in our schools.  
It is of great help and is a good learning tool.*

*Ethics are used by those who do care and  
Often free help with things we do share.  
Friendship has spread all over the earth.  
I even made a friend who lives way down in Perth.*

*I enjoy it so much, I think I'm addicted.  
I think I was warned as this was predicted.*
